

"Peruna Cured Me"

I am glad to tell it."

MR. ROBERT FOWLER,
Of Okarche, Oklahoma.

Mr. Robert Fowler, Okarche, Oklahoma, writes:
"To any sufferer of catarrh of the stomach. I am glad to tell my friends or sufferers of catarrh that seventeen years ago I was past work of any kind, due to stomach troubles. I tried almost every known remedy without any results.
"Finally I tried Peruna, and am happy to say I was benefited by the first bottle, and after using a full treatment I was entirely cured.
"I am now seventy years old, and am in good health, due to always having Peruna at my command. I would not think of going away from home for any length of time without taking a bottle of Peruna along for emergency.
"You are at liberty to use my picture and testimony if you think it will help any one who has stomach trouble."

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE PROMOTIVE QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

INCOME TAX NOTICE.

Columbia, March 13, 1915.
Mr. J. W. Thompson,
County Auditor,
Laurens, S. C.

Dear Sir:

The State Tax Commission of the State of South Carolina has sent me the following communication relative to the enforcement of the Income Tax Law:

"The time for making returns under the income tax law of this state expired on the 20th of February last, and a very large number of persons liable to the payment of the tax omitted to make such returns within the time limited.

"The neglect to make the returns in time may have been caused in part by an erroneous impression that the returns and payment of the income tax to the Federal Government relieved these tax-payers from paying the income tax imposed by the laws of this State.

"The failure to make returns within time have been so general and widespread that we think further opportunity should be allowed such persons to make these returns before the penalties provided by law are imposed upon them."

In order, therefore, to save such persons who will now come forward and make the proper returns, I, Carlton W. Sawyer, under, and by virtue of power conferred upon the Comptroller General, with the approval of the Governor, in Section 767 of Volume 1, Code of Laws of South Carolina, 1912, do hereby extend the time for the making of returns and assessment of income taxes without penalty until the first day of July, A. D. 1915.

You will govern yourself accordingly.

Approved, Carlton W. Sawyer,
Comptroller General.
Richard I. Manning,
Governor.

(County papers please copy.) 31-14

NOTICE OF ELECTION.

State of South Carolina,
County of Laurens.

Whereas, petitions signed by a legal number of the qualified electors and free-holders residing in Hunter school district No. 7, Laurens county, South Carolina, asking for an election upon the question of voting a 2 mill tax upon the property in said school district to be used for school purposes, have been filed with the county board of education, an election is hereby ordered upon said question, said election to be held on the 10th day of April, 1915, at 8 o'clock in said district, under the management of the trustees of said school district.

Only such electors as return real or personal property for taxation and who exhibit their tax receipts and registration certificates as required in the general election shall be allowed to vote.

Those favoring the 2 mill tax shall vote a ballot containing the word "YES" written or printed thereon. Those against the 2 mill tax shall vote a ballot containing the word "NO" written or printed thereon. Polls shall open at the hour of 8 o'clock in the forenoon and shall remain open until the hour of 4 o'clock in the afternoon when they shall be closed, and the ballots counted.

The trustees shall report the result of the election to the county auditor and county superintendent of education within ten days thereafter.

JAMES H. SULLIVAN,
By order of County Board.

FIFTEEN DROWNED WHEN TUG FLOUNDERED

Only Two Members of Crew of the Edward Luckenbach Accounted For.
Norfolk, Va., April 4.—Fifteen men were believed tonight to have lost their lives in the foundering of the tug Edward Luckenbach yesterday off Ralse Cape, Virginia. Only two of the eighteen members of her crew have been accounted for. They are Harry Olsen, first officer, and Cicero Godwin, second officer. Five bodies were washed ashore.

The Luckenbach was bound for Norfolk with three barges in tow. The barges broke away and the tug foundered while searching for them. She was said to have gone down in a few minutes and there was no time to launch boats. One of the barges, the Josephus, struck six miles from False Cape. Her crew was rescued by coast guards. The other two are at anchor. Godwin was washed ashore and was found by coast guards. He was among the bodies of five others who had been cast up by the sea, and was at first thought to be dead. He was revived, however, and is expected to recover.

Olsen was rescued unconscious from the mast of the sunken tug, to which he had lashed himself. He also was revived after the two volunteer coast guards got him ashore in a lifeboat. Capt. William E. Umstead, of Norfolk, was master of the Luckenbach, and is among the missing. The tug was one of the largest plying the Atlantic coast.

Godwin is said to have told coast guards that the Luckenbach lost her rudder and became unmanageable.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by P. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by P. J. Cheney & Co. Testimonials free.
Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

COMMANDER LOSES SON.

Gen. A. G. L. D'Amade Writes of Death of Lieutenant in Argonne Expedition.

Paris, April 4.—Gen. A. G. L. D'Amade, commander of the French expeditionary forces at the Dardanelles, has lost his youngest son, aged 18, a second lieutenant of infantry. A friend has just received from the general the following letter written while he was on the way to the Dardanelles:

At Sea, March 31.

"Dear Sir: I am late in acknowledging the receipt of your letter of December 28. The cause of the delay is a great misfortune which has come upon us. I have lost my youngest son, Gerard, who had only just been received at St. Cyr in the last competition of July, 1914.

"He fell gloriously for France during a night reconnoitring expedition in the Argonne on January 25. Mortally wounded, he fell upon the very trenches of the enemy which he had received instructions to reconnoitre.

"Two German general who were witnesses of his bravery and courage wrote to me, expressing spontaneously their admiration, and informed me that our poor child had been buried near V—— in the great forest of Argonne.

"I have no need to tell you that it is a great pain, but we could offer to God and France nothing more beautiful, nothing more pure, nothing more generous than that child. We are proud of him but after the war we shall mourn him until death.

"I carry with me in my new mission this pain, engraved deeply in my heart, as an example of courage and as a great reason to hope you may never know the pain that we have suffered."

Prompt Action Will Stop Your Cough.

When you first catch a cold (often indicated by a sneeze or cough), break it up at once. The idea that "it does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my Cough" is one of many honest testimonials. 50c at your druggist.

All Forms of Interchangeable Mileage and Penny Scrip Books for Intrastate Passage in South Carolina.

STEAMSHIP COMPANY GOES TO RECEIVER

International Mercantile Marine Company Unable to Meet Bond Interest.
New York, April 3.—The International Mercantile Marine Company, the giant steamship combination organized in 1902 by J. P. Morgan & Co., which placed under one control some of the principal English, American and Belgian steamship lines between the United States and Europe, today went into the hands of a receiver. The company has for six months been unable to pay interest on its \$52,744,000 4-1/2 per cent collateral trust bonds.

While the company since its organization has been unable to pay dividends, it was said that with the outbreak of war its earnings were severely diminished, precipitated the present crisis. Many of its ships now are in war service and its various services have been greatly curtailed.

Application for the receivership was made by the New York Trust Company, trustees for the defaulted bonds, and with the approval of the bondholders P. A. S. Franklin, vice president of the company, was appointed receiver.

Although the receivership affects the International Mercantile Marine as the holder for all the subsidiary organizations which it controls, it does not affect the English subsidiaries, it is said, such as the White Star, Leyland, Dominion and Atlantic Transport lines. That is because the stocks of the latter companies were not pledged as collateral for the defaulted mortgage, it was explained. The receivership relates only to the American and Red Star (Belgian) lines, to which the receiver is empowered to lend money to conduct their operations.

Whether the ships of these two lines or of the entire mercantile marine fleet, regardless of nationality, would be entitled to the protection of the United States in the war zone by virtue of the Federal receivership was a question raised today.

WOMEN SOLDIERS.

They Posed as Men and Fought With the British Army.

The British army has had its women soldiers, and two of them are buried in the cemetery of Chelsea hospital. One of these dames—Hannah Snell, a true-looking person, whose portrait is preserved in the great hall of the hospital, served in the siege of Pondicherry and was badly wounded, her sex being discovered when she was removed to the hospital. She became a pensioner and wore on occasions the three cornered hat and uniform coat of Chelsea and was at her own request buried in the graveyard of the hospital.

Christina Davis was the other female soldier buried in this cemetery. She is described as a "fat, jolly woman."

Another Englishwoman who successfully posed as a man and enlisted as a soldier was Phoebe Hessel, who was a private in the Fifth foot regiment and fought at Fontenoy in 1745, under the Duke of Cumberland, being severely wounded. Ultimately she died at Brighton in 1821 at the age of 108.

The most famous Englishwoman "soldier," however, was "Dr. James Barry," who joined the medical corps in 1813 and served at Waterloo and in the Crimea. In 1858, after many promotions, she became inspector general, and it was not until many years later that the fact that she was a woman was discovered.—St. Louis Post-Dispatch.

ELECTRICITY AND WATER.

Little Danger in Turning a Hose on Heavily Charged Wires.

The slight danger that firemen run through the electric current passing from heavily charged wires up the stream of water they are squirting is proved by an experiment conducted by Ugo Tartaglino and reported in La Scienza per Tutti.

A trolley car wire charged with a direct current of 525 volts had one end grounded; on the other end he directed a stream from a hose with a nozzle fifteen millimeters in diameter. At 2.20 meters distance a voltmeter attached to the nozzle registered twenty volts. At sixty-five centimeters distance it registered seventy volts and at twenty centimeters 210 volts. The average man can stand a current of fifty volts without serious shock, so a fireman who holds his nozzle five or six feet from a live wire runs no great danger.

Mr. Tartaglino made the same experiment on two lines of alternating current, one with 2,300, the other with 4,600 volts, and the voltmeter did not register any current in the stream of water, although a slight shock was perceptible when he put his hand into it. With a chemical extinguisher he got a current of 1,550 volts at 225 millimeters from a wire with a current of 2,050 volts.

Nothing So Good for a Cough or Cold. When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.
